Note: When calculations were performed, "new money" was defined as a levy that would result in a higher tax bill. "New money" levies include those classified as "additional" or "replacement" levies. In the levy type category, "tax" is defined as a request for an income or property tax. "Combination" is defined as one issue with at least one tax component and at least one bond component. In the "request type" category, a "replacement" levy is defined as a new levy with the same purpose as the existing
